

MUSICLAND PRO

Since Autumn 2004, hundreds of teachers around the world have been jumping on board MusicLand Pro – either as a paid subscriber or author. We now have nearly 400 resources suitable for all levels of secondary music teaching which include handouts, teaching plans, schemes of work, resource sheets and much, much more.

To help current members, and to show non-members what is available, we have created this free catalogue which lists all our resources and gives an easy access code so that you can locate them on the site.

This catalogue is arranged by teaching level (and then further subcategories for Key Stage 3). Each section is arranged with the resources in alphabetical order.

A number appears to the right of each resource, which will enable you to access it instantly on the site (providing you are a member).

Simply type the following into your web browser, followed by the appropriate number – please make sure you type it exactly:

www.themusicland.co.uk/community/index.php?showtopic=

For example, to navigate to the Romantic Lieder Listening Assignment:

www.themusicland.co.uk/community/index.php?showtopic=447

There is also a search facility on the site which will enable members to search by keyword.

For full details about MusicLand Pro – including current subscription fees, please visit:
